

ByrneLooby ensure Safety is paramount to realise our Vision, our Values and The ByrneLooby Way.

We take a risk assessment approach to Safety by promoting the principles of prevention.

Our Vision:

“To be recognised by our staff, clients and peers as an experienced engineering services company, delivering high quality timely service, technical expertise and innovative solutions tailored for our customer whilst creating a great place to work where our people can express their talents, grow and develop”.

ByrneLooby Core Values:

Our values are at the heart of everything. These four values describe the principles that distinguish the ByrneLooby culture. Living our values enables us to carefully consider the interests of all of our stakeholders.

Our Values:

- Respect
- Integrity
- Commitment
- Excellence

ByrneLooby management and employees are accountable for implementing and embedding this policy throughout our business in all operating jurisdictions.

At ByrneLooby we are committed to **Safety First** in everything we do in support of our absolute focus on Technical Excellence, Commitment to Clients and Investing in Our People, which together constitute 'The ByrneLooby Way'.

We are committed to providing a work environment that is safe and healthy for all employees and those contributing to or affected by our activities.

We will achieve this by:

- Embedding ZeroHarm culture
- Continually improving the effectiveness of all our systems
- Complying with the requirements of our clients, of the ISO 45001 standard and applicable regulatory requirements
- Setting meaningful, challenging objectives for the company and our employees
- Consulting and engaging the workforce in the promotion and achievement of health and safety conditions, formal assessment and review of company performance
- Providing professional and competent resources augmented by appropriate training and investing in our people
- Monitoring our performance and progress within an Integrated Management System
